

YOUR VOICE

The Darling Point Society works to ensure that the CONCERTED voice of residents is heard at Council.

It monitors new development in its aim to preserve the historical beauty of one of the oldest and most densely populated areas of Sydney.

It expects accountability and demands transparency.

Did you know.....?

Your council is considering an Edgecliff and New South Head Rd Planning Proposal that will:

- Increase building heights for 1/2 km along both sides of NSHead Road Edgecliff up to 89m (the Ranelagh building is 91m.)
- Rezone the land where the carwash and petrol station are to 12 storeys for apartment buildings.
- Ignore the need for more infrastructure for increased housing and businesses.
- Exacerbate traffic congestion

Local Government Elections Saturday 4 December 2021

*Is the candidate of your choice against the alarming excesses of the **Edgecliff Planning Proposal!** Or to Council's **Housing Strategy** that will increase Woollahra's housing target well beyond set NSW State mandates and create **worsening traffic congestion!***

Ask your candidates how strongly they feel about:

- 1) *Refusing to accept a canyon of high-rise development along New South Head Road*
- 2) *Preserving open green space*
- 3) *Opposing the skatepark in Rushcutter's Bay Park*
- 4) *Opposing a 6 metre break in our STATE Listed Heritage stone foreshore wall in Yaranabee Park and its impact on safety for the public.*
